

An exceptional young artist is looking to make a connection with patrons at your venue. Chontia has recently supported Tim Freedman of the Whitlam's at Iguana's Waterfront, and has had recent sell out shows at The Basement and the Old Manly Boatshed.

Chontia's music would be best described as
- An untamed solo acoustic act with a guitar and a huge vocal range. Her style of music and song choices are suitable for all events and venues. Chontia can provide for your venue an upbeat cover show, mellow acoustic sets for dining rooms and original shows that always captivate an audience. Chontia's performances, interaction with the crowd and her quality equipment, always leave customers feeling that they have been part of something truly special.

Chontia provides her own PA, sound engineer.
Promotional advertisement, posters and artworks can also be arranged depending on requirements.
