

# SIDESHOW ANNIE

Sideshow Annie is fronted by a dynamic, flamboyant singer who has a voice as smooth as silk or at times as rough as an uncut diamond, this circus of musicians make great music together and put on a charismatic show.

SideShow Annie have won numerous awards, played great venues and festivals including the Blues N Roots and Winter Magic (Katoomba), The Espy, Basement and Annandale, just to name a few. They have also had music used for television and film (including Home and Away). This band should always be heard, always be seen and never missed.

Other various venues such as Tris Ellies (Katoomba), The Clarendon Hotel (Katoomba), The Carrington Ball Room & Baroque Bar (Katoomba), The Blue Mountains Blues and Folk Festival and the list goes on.

Founders of Sideshow Annie, El and Gill, had a song place in the OzMusic charts (Blues Category), and have also written music for Government projects, had songs used for a US Film (Cannes Film Fest) and even on the world famous t.v program "Home & Away." The two of them have performed as a duo, a trio, but are most happiest when playing with this band of merry musicians that is "SideShow Annie."
